The Supreme court meets in Jackson, Monday April 1.

R. S. Davis, of Palmyra, was among our callers Monday.

The Legislature has a bill exempting dentists from jury duty.

Clean up your premises before the sanitary officers get around.

The United States Circuit court meets in Nashville April 15.

Mrs. Mary Trice, of Sailor's Rest, was in the city to-day on business.

Mr. T. H. Puryear and daughters, of Paducah, are visiting Mrs. Atkins, on Main street.

Miss Nannie Wyatt, of New Providence, is visiting Miss Fannie Nettlet, on Greenwood Avenue.

Peach trees are in bloom and fears are entertained that the early fruit will be "nipped in the bud."

Gen. W. A. Quarles acted as special judge in the criminal court yesterday, and Col. T. L. Yancey to-day.

Miss Agnes C. Harman, a pretty and intelligent young lady of Erin, returned home yesterday after a two days visit to Mrs. Thomas Allen, on Second street.

Dr. A. D. Sears united in the bonds of wedlock yesterday evening at the Northington House, Mr. Rowland Gibbs, of Russellville, and Miss Bettie Holt, of this city.

Gov. Taylor has commissioned W. A. Wade, of Milan; Reese K. Henderson, of Murrefreesboro; and J. M. Bewley, of Morristown, railroad tax assessors for the ensuing two years.

Hon. Wm. P. C. Breckenridge, of Kentucky, will deliver the annual address before the literary societies of Vanderbilt University at Nashville, June 18th. Bishop C. B. Galloway will preach the annual sermon at Vanderbilt June 16th.

The Clarksville District Conference of the M. E. Church, South, will be held at Bethel Church on the Hopkinsville pike, Thursday April 25th, by Bishop Key. We learn that Rev. R. E. Travis, the pastor, is having some needed repairs done on the church which will be completed by that time.

Mr. J. W. McAnally, of Bedford County, has in his possession an Irish coin worth two pence, a copper coin stamped in the year 1723 under one of the Georges; and also a continental bill worth two dollars, struck by the Provincial Convention of Maryland in 1775 and payable at Annapolis at the rate of four shillings sixpence per dollar.

This afternoon at 3 o'clock Arbor Day was celebrated at the Academy by the pupils. After recital of eulogy and music, an address was delivered by Dr. Kelley, of Nashville. At the close of the address trees contributed by the pupils were planted, and the entertainment was closed by the Kindergarten performance to the delight of all present.

## RIVER NEWS.

The river is still falling with about 6 feet on the gauge.

The steamer Drouillard arrived this morning about 4 o'clock from Paducah with a fair trip for our merchants. She left at 12 o'clock on her return trip to Paducah.

The Ragon passed up about 1 o'clock this morning with a big load of freight for Nashville. The L. T. Rhea was detained at Harpeth Shoals to assist the Ragon over the shoals.

The City of Nashville was due early this morning, but had not arrived at the time of this writing, but is looked for every hour.

## Refrigerators.

Twenty-five years experience in selling the Wayne Refrigerators has demonstrated the fact of its superiority over all others. It preserves all kinds of perishable food longer with less ice than any other made in the market. JOHN F. COULTS, JR.

## Call Meeting of the Board of Trade.

A call was issued yesterday morning for a special meeting of the Board of Trade to take further action in reference to the double tax on stock companies under existing laws, as lately construed by the Supreme Court. Notwithstanding it was a disagreeable rainy evening and the protracted meeting at the Methodist church on hand, there was quite a full attendance of citizens, taking an earnest interest in the matter.

In the absence of President Howell, Hon. D. N. Kennedy was called to the chair, who stated that the object of the meeting was to send a delegation to Nashville, Wednesday 20th, to attend a general meeting of citizens from various parts of the State, to confer together and use all legitimate influence to secure the repeal of the law, and argued the importance of prompt action.

Mr. Ben Owen moved the appointment of a committee of ten to attend the Nashville meeting. The motion was unanimously adopted, and the chair appointed the following committee: B. H. Owen, H. C. Merritt, J. P. Y. Whitfield, R. H. Burney, Wm. M. Daniel, John F. House, M. Savage, Judge C. W. Tyler, Walter Kincannon, M. H. Clark and J. M. Bowling.

It is understood that all of the gentlemen named will attend.

Mr. Owen from the Committee on Transportation reported that the L. & N. Railroad Company had most cheerfully acceded to the request of the committee to run an accommodation train between Clarksville and Erin to enable the citizens along the line to visit Clarksville and return the same day, and that this train was now running daily: Leaving Erin at 7:15 a. m.; arriving in Clarksville at 10:15 a. m.; leaving Clarksville at 4:55 p. m.; arriving at Erin at 7:55 p. m. Also, that the company had consented to extend the Hopkinsville accommodation to Erlington, and after March 24th, which will make connection at Guthrie, and enable the planters along the line to attend the tobacco market, leaving home in the morning and returning in the evening.

The following report from the Committee on Manufacturing was presented by Mr. Kincannon and received. E. B. Whitfield was added to the committee in place of Mr. Blech, who could not serve, and on motion of Mr. West the proposition was referred back. The committee instructed to take some further action to put the matter in shape to raise the required stock.

To the Honorable Board of Trade.

We your committee appointed to confer with Mr. Holloway in regard to the establishing of a plant for the manufacture of stone-ware, sewer pipe, and drain tile, fire brick and art tile and pressed brick, will cost about \$15,000 including site for same, which he has selected, and has an option on, and on which he thinks there is an almost inexhaustible supply of clay for most of the purposes named, and clay for all purposes can be found in the surrounding hills. From Mr. Holloway's statements in regard to the cost of the manufacture of the wares named and our knowledge of market prices on same, that money can be made from it and in our opinion it will be a paying investment if properly managed.

Mr. Holloway makes two propositions which we now submit for your inspection.

T. H. SMITH,  
W. B. KINCANNON,  
Committee.

Following proposition was submitted by the committee from Mr. Holloway.

That the citizens of Clarksville subscribe to the enterprise the sum of \$20,000 and that I subscribe \$5,000 to be paid as hereafter agreed or required by the business, that the concern shall be organized as a joint stock company or otherwise as may be hereafter agreed, and that a competent attorney may be employed to transact such legal business as may come before the company.

The following new members were nominated and elected: John S. Miller, T. H. Hyman, B. F. Gill, F. S. Beaumont, F. G. Williams, Thomas Bourne. Four dollars in dues were paid over to the secretary.

The meeting adjourned to the next regular meeting second Tuesday night in April.

## What On Earth.

Is the reason people will not, can not, or do not see any difference in cheap nose trunks put up by cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as Beggs' Blood Purifier and Blood Maker, and every bottle that does not do its work will cost you nothing. J. C. McReynolds, druggist. feb.1,ly.

A meeting of the Board of Trade is called for this Monday night at 7:30 at the Tobacco Exchange. A full attendance is urged, as business of importance will come up.

A. HOWELL, President.

Bishop A. W. Wayman, of Baltimore, Presiding Bishop of this 10th Episcopal district, will preach at St. Peter's A. M. E. church tonight. All are invited to attend.

South Side Letter.

To the Chronicle.

The recent articles in the Clarksville papers concerning sanitation is a move in the right direction, and the citizens should heed the advice given them. It is a fact that the great epidemic at Jacksonville, Fla., was due, in a great measure, to the bad sanitary condition of the city at the time the dreaded disease, yellow fever, made its appearance in the place. People had put money into different enterprises and were so much taken with money making that no attention, whatever, was paid to any sanitary measures, and as a consequence a dire calamity befell that great Southern city. The disease did not originate in Jacksonville, nor did it originate in the State of Florida. It was let into Tampa, from Havana, Cuba, on account of pure carelessness on the part of the people at that place. Tampa is a Gulf port, on the peninsula, and only about a days journey, by steamer from Cuba. Vessels ply back and forth at will, all seasons of the year, and for the sake of this small trade from that country, the officials at these Southern ports allow fever to come in on the vessels, and to spread all over the State. There has never been an epidemic of yellow fever in Florida which could not be easily traced to Cuba, the home of the scourge.

The mildness of the past winter makes it almost an impossibility for the health authorities to effectually stamp out the dregs of the last epidemic, and it is more than probable that the disease will make its appearance again this summer, and it behooves the cities of the South to be on their guard in that direction. There is hardly a possibility that this country, Clarksville and vicinity, will ever suffer from an epidemic, though it is well enough to be on the safe side. It is said that the past winter is a sister to the one of 1816, and if this spring and summer are counterparts of those of that year, death will hold high carnival in the land. It takes very little money and labor to put such a city as Clarksville in good sanitary condition, and no time should be lost in removing all decaying matter outside the city limits and having it cremated. The sanitary officers at Jacksonville, and all other Southern cities, tried several disinfectants and are of the opinion that lime is the cheapest and most effective one they used.

A large congregation was noticed at Salem last Sunday.

A movement is on foot to build a new church somewhere in the Bend. The place has not as yet been located, but it will likely be on the spot, or near where Salem now stands.

A picnic will be given to the members of the Salem Sunday school at an early date, which promises to eclipse any former effort in this line, for which the South Side people are so famous.

The second quarterly meeting for the Antioch circuit will held at Salem the fifth Sunday in March, with dinner on the ground Saturday.

Rev. J. W. Cullom will preach the funeral of the late Wm. Pruitt, at Salem, the first Sunday in May.

Jack Graham is up from his recent attack of pneumonia.

Miss Hattie Cooke is confined to her bed by sickness.

Messrs John Daly and Dick Richardson, accompanied by their wives, are expected on the South Side in May or June to spend the heated term with friends. John and Dick have their headquarters at Palestine, Tex., and a host of friends will give them a hearty welcome in this country.

Prof. Whitfield left for his home on the North side of the river the other day. He is not in a physical condition to teach school at present, though he intends coming back and finishing his term at Poplar Grove.

## Minister to France.

A special to the EVENING CHRONICLE to-day says: "The President has appointed Whitelaw Reid of the New York Tribune, as Minister to France."

C. L. S. C.

The Chautauqua class meets every Thursday afternoon at 3 o'clock at the regular meeting place, Mrs. J. W. McGee's, on Main street. The interest is unabated, but much of the work being done is review and thorough discussion of topics of general interest. Several visitors have been entertained by the class at late meetings, who expressed themselves well pleased with the work and plan of Chautauqua. Program for March 21st: Quotations from English Authors. Lesson, first twenty-five questions on zoology in March Chautauqua; Paper, character sketch of Michel Faraday, Miss Minnie Shackelford. All of the other members will contribute some of their own selections of subjects, as we try to vary the work each week.

A Disinterested Friend.

The man who never owned a dog doesn't know what it is to have a devoted and disinterested friend. Do you know any creature half so faithful as old Fido, or Nero, or Bruno, or Fido, or Towser, or Rattler? When you rode on his back, you pulled his ears, you twisted his tail, you kicked him and cuffed him. But he bore your abuse patiently and was always ready to lick the hand that smote him. He bore no grudge against you, but forgot and forgave everything. When you left home he was the last one to look back and say good-by; when you returned he was the first to give you greeting. In you he was your comforter and protector; now he is your companion and friend. —New York Tribune.

Game Sparrows in the Pit.

The colored sports of Jeffersonville, Ind., have discovered a new amusement, which is attracting considerable attention and is causing a good deal of money to change hands. At a house on Indiana avenue is located what is termed a sparrow pit. A large round table, on which is a wire cage, is placed in one of the rooms, and into this two cocks sparrows are put and allowed to fight until one of them is conquered—sometimes killed. Pieces of silk thread of different colors are placed around the birds' necks to distinguish them, and the interest taken in the battle is as good as a cock fight. It is said that in proportion to their size the birds make a harder combat for supremacy than two game chickens. —Louisville Courier-Journal.

Facts About Smokers.

By close observation I estimate that 50 per cent of the men in this city smoke or use tobacco in some form. I am in a position to see it, being behind the desk of a restaurant all day. Every one knows a cigar tastes better after a hearty meal than at any other time of the day, and is less injurious then, if injurious at all. This accounts for the cigar cases in restaurants nowadays, but there was a time when if you bought a cigar when he has finished eating. There are many men who spend more for their cigars than they do for their food, and some double the amount. —St. Louis Globe-Democrat.
